BOOK FOR FLORISTS

VAUGHAN'S SEED STORE.

CHICAGO, 84 & 86 Randolph St., and
206-208 W. Randolph St.

NEW YORK, 14 Barclay Street.

GREENHOUSES, Western Springs, Ill.

Terms on Florists' Stock: To customers of approved credit 60 DAYS, except on certain CASH items. Special 3 per cent. discount for cash in 10 days, not from "Special" quotations and excepting CASH items.

New Accounts. New customers, if not already well known, will please send cash with first order and if desiring to open an account send good references, property statement or other information concerning their commercial standing as they may be able to furnish. This will avoid delay which is often very annoying. We cannot be expected to ship goods to those whose good standing is not known to us. For references please name bankers, wholesale merchants or other well-known business men with whom you have had dealings—such information will be held in confidence.

We prefer not to send goods C. O. D., but when wanted in that manner some money must accompany order; PERISHABLE stock, plants, etc., are POSITIVELY NOT SENT C. O. D.

Our Responsibility. While we always aim to have the best BULBS AND DORMANT PLANTS which each season affords from reliable houses, we cannot and do not guarantee any of them to flower or produce a crop of flowers at the prices given, nor will we be responsible for the crop. We assume our customers to be acquainted with these conditions and if the stock is not accepted on such conditions it must be returned at once and any money paid will be refunded. Live plants and like perishable stock should be sent by express; we cannot assume any responsibility whatever for safe arrival when such plants are ordered by freight by the purchaser. The remedy for loss must lie between the buyer and the Railroad Company, but we will gladly render all the aid we can.

LOW EXPRESS RATES ON PLANTS.

We ship plants by all express lines to any part of the country. Under the ruling of the leading express companies plants packed in closed boxes or baskets are now being carried at the "GENERAL SPECIAL" rate, which means a reduction of 20 per cent from the regular merchandise rate. Boxes weighing less than 100 pounds are charged at pound rates, but the minimum charge is 35c. For example, if the general rate is \$5.00 per 100 lbs., a box weighing 25 lbs. will cost \$1.00, which is a saving of 25c.

HIGH CLASS STOCK.

FORCING BULBS.

EARLY DELIVERY.

WHITE ROMAN HYACINTHS.

ROMAN HYACINTHS.

This stock, while a trifle higher than last year, is still much lower than it was five or six years ago, and **Surely remains profitable** for the wholesale trade, and **indispensable** for the retailer during the bad winter weather when crops of other flowers are short. Owing to the severe drought which prevailed in France during the past growing season, it is quite probable that these as well as all other French forcing bulbs will be somewhat undersize. Under these circumstances we shall try our best to hold grades up to proper measure, and send only sound healthy stock; but we trust our customers will bear in mind that we cannot produce larger bulbs than the season affords. Samples will be supplied on application.

LILIUM HARRISII.

Indispensable for Easter Trade, the most profitable season for Florists.

As we predicted in our former list, the crop of these has turned out to be a very short one, consequently good quality bulbs are scarce. Having control of the output of five leading growers producing the best bulbs on the Island, we can furnish some choice stock while the supply lasts.

But few florists even among those who know how well it can be done, really avail themselves of the various forcing bulbs for furnishing a continuous supply of cut flowers through the Winter and Spring. By planting at intervals, by storing in cold frames and pits and by other methods Roman Hyacinths, Harrisii, Tulips, Lily of the Valley and most other forcing stock can be had in bloom during the Winter and Spring with very little extra expense and with much better average profit than when the same are forced in large lots for special seasons.

OUR AIM is to supply only the best stocks and make earliest possible deliveries, and with our experience of 20 years in buying and selling bulbs we claim to know the best sources of supply, and how to get the stock at the earliest possible time.

SECOND SIZE NAMED HYACINTHS.

In addition to this grade of Hyacinths being very good for pot culture at a price much lower than First Size Named Hyacinths, and but very little more than the mixed grades, they are also highly recommended for bedding where designs or stripes are wanted, as any shade or color can be had and the desired effect attained. We offer the following varieties separated as to color at prices quoted. The selection of sorts to be ours, but customer's choice to be given as long as stock is unexhausted.

For descriptions as to color, etc. see under first size named.

PARROT TULIPS.

Parrot Tulips have lately come into favor with florists; the same can be forced to bloom in February. There is however, a certain percentage of these bulbs which fail to bloom. We have succeeded in securing the best strain to be found in Holland, and are sure that the same will give satisfaction. There is nothing that will make more of a show for bedding than these on account of their brilliant colors, consisting of all shades of red intermixed and variegated with green and yellow.

We shall deliver this stock as early as the same can be secured from the growers after maturity. Pips will be of the best quality which the season affords, carefully grown as well as ripened and of full size, such as with proper handling ought to give most satisfactory results. So much, however, depends on the treatment of this stock in forcing and storage that we will not assume any responsibility for the crop.

Best Hamburg Pips.—Per 100, \$1.25; per 1000, \$10.00; per 1000 in 5000 lots, \$9.50; in 10,000 lots, \$9.00. We do not handle the lower grades of this stock.

CHINESE NARCISSUS. OR ORIENTAL LILY.

This is undoubtedly the best selling bulb for the retail counter trade on account of the easy and rapid growth in the ordinary living room; flowering in water or gravel in five to six weeks from time of planting. We will have a fine stock of sound, plump and healthy bulbs of the true Chinese variety, grown in China, not the poor Japanese variety which is much inferior and invariably fails to bloom when grown in water. We also have a small supply of Bermuda grown bulbs, but do not recommend them.

We are headquarters for these—write for prices on large quantities.

China Grown, ready about Sept. 1 30 in a basket. Per 100, \$4.50; per 1000, Chicago or New York, \$38.50.

Bermuda Grown, per 100, \$4.00; 100, \$35.00.

Stock plants of any of the following, each, 40c.; doz., \$4.00; 100, \$25.00 ready November 1st.

Autumn Bride.—Pure white, incurved, very closely resembling The Queen in form and size; showing no centre, with short, stiff stems, and attaining but 3 feet in height.

Daydawn.—Stiff stem, clothed with foliage up to the flower. Color white with lemon centre upon opening, gradually becoming pure white, petals shorten toward the centre.

Edward A. Kimball.—Japanese incurved, belonging to the Mrs. Charles Wheeler section; of the same color, crimson within and old gold without. Incurves very closely showing but little of the crimson, giving a distinct and fine color effect. Perfectly double, with a fine high-rounded form. Perfecting November 1st.

Gretchen Buettner.—A large, beautiful white of great depth; distinct in color and form. Strong stemmed, fine foliage. 3 feet; crown bud.

Lenawee.—An incurved Japanese of the purest white, resembling The Queen, it is double to the centre and does not drop its petals. This gives another 7½ inch bloom the first of November. 4½ feet.

Marion Cleveland.—Immense, high, round, solid bloom, with broad massive cupping petals. Ivory white, shading delicate lemon yellow. Habit almost as dwarf as Ivory. Stem stiff and erect with magnificent foliage close up to the bloom. Ready to market Oct. 25.

Miss Agnes L. Dalskov.—Pink-Ivory; the sensation of the year. A sport from Ivory identical with its parent, except in color, which is a beautiful shell pink.

Modesto.—The finest yellow yet produced either for exhibition or the trade. Intense in color, unsurpassed in size; of an incurved, slightly whirled form, with very high, full centre.

Mrs. E. Buettner.—A beautiful clear yellow, reflexed flower, in form like Morel, with excellent form and foliage. Late. 3½ feet; crown bud.

Mrs. Perrin.—Rose-pink Ivory; early midseason; 4½ feet, blooms nicely rounded and incurving, rose-pink within, and glistening pink without, rather slender but stiff stems.

Mrs. W. C. Egan.—Of the Ada Spaulding type, but much larger. More perfect in form and has great depth. Color crimson pink at the base, shading at the apex to pale sulphur. Height, 3½ feet. Matures October 15 to 20th.

Yanoma.—Latest white. Under ordinary culture it is at its best Nov. 30th, and if retarded slightly, can be had in the best condition for Christmas. Reflexed, somewhat the form of Vivand Morel. 4 feet high.

Sun-Clad.—A Japanese of the brightest yellow, incurved with a whirled centre. Maturing October 20th. Height, 3 feet.

Wm. Simpson.—Is the earliest large Chrysanthemum grown, some of the flowers measuring 10 to 11 inches in diameter. Has been cut as early as October 15th. In color a pleasing shade of pink, a little lighter than Maud Dean.

WM. SIMPSON.

Violescent.—A magnificent variety, incurved centre; color white with lower petals delicately tinged lavender. Maturing November 20th.

New York.—Very large, incurved Japanese, densely packed with petals, which are regularly formed, filling up well to the centre; of great substance and regular outline; color white, foliage and stem good.

STANDARD SORTS. SERIES—B.

PRICE.—From 5 inch pots, in flower, each, 40c.; doz., \$4.00.

Burt Eddy.—A very large, peony-shaped flower; full and double; color, silver rose, shading to light magenta; a grand sort and very early.

Crystalina.—(Vaughan.) Snow-white, medium sized flowers; snow-ball type; a grand keeper; can be roughly handled; makes a good pot plant.

Chipeta.—Seedling from G. W. Childs. Bronze; late.

Dean Hole.—Large, incurved white, with soft shadings of pink on outer side, changing to white with age.

E. M. Bigelow.—Deep crimson. Large bloom, full, regularly incurved.

Ezeta.—Deep golden yellow; early.

Fisher's Torch.—Bright fiery red; very rich; double, with high centre.

Genevieve.—Ball-shaped; pink, splashed with faint line of white; early.

Georgienne Bramhall.—Early, midseason. Grand, globular, incurving form of soft primrose yellow; broad petals.

H. W. Rieman.—Grand exhibition yellow; terminal bud. Deep, golden yellow, very bright; very massive in build; as deep as wide, crowded with petals; stems very stiff; height, 4 feet; foliage very beautiful.

Helen Bloodgood.—A true clear pink with no shading of purple. Globe-shaped Japanese type of largest size.

Jayne.—(Vaughan.) Dark shaded rose; high built; regularly formed, incurved blooms; very strong stem; foliage well up to the flower.

Jennie Falconer.—Bright lemon yellow; immense blooms; incurved.

Latest Fad.—Rich yellow; long, cordlike petals. Solid to the centre.

Mrs. Higinbotham.—Bright pink, incurved Japanese. Extremely wide petals which are covered with glandular hairs.

Miss M. M. Johnson.—Deep golden color; height 5 feet; good foliage and stiff stem. In season October 14th.

H. Richard Dean.—A most lovely reflex pink.

Mrs. M. R. Parker, Jr.—Rich deep pink; incurved; flowers as early as October 4th. Dwarf habit; unusually strong bloom and fine foliage.

Mrs. J. M. Joseph Thompson.—Very large; amber; reflexed and double. An improved Charles Davis. Early.

Stock plants, each, 25c.; doz., \$2.50. Ready November 1st.

Mrs. S. T. Murdock.—Improvement over any existing light rose.

Miss George Scates.—Bronze and old gold; incurved, tubular petals.

Miss Gladys Spaulding.—One of the best white extant. Spherical. Chinese type. Improvement on Mrs. Robert Craig.

Miss May A. Countess.—Medium sized flowers; very compact and high built centre. Deep yellow; ends of petals faintly tipped bronze. Midseason.

Mrs. Potter Palmer.—Flowers large, full to the centre. Outer petals reflexed to the stem; incurved tips, rosy pink, reverse silver; good keeper.

Mrs. Wm. H. Rand.—(Vaughan.) A distinct Japanese variety. In color a remarkable rich yellow; petals fine, long, twisted and irregularly reflexed.

Mrs. Moses J. Wentworth.—(Vaughan.) Chinese type; flowers large, full and deep; of a rich yellow color; a good keeper and shipper. Early.

Mayflower.—A grand, bold white; very large and incurving; strong stem; good foliage, terminal bud. 3½ to 4 feet.

Mrs. Henry Robinson.—A perfect form, of the Queen of England type; large and well finished. An early white, blooming October 15th.

Millbrook.—Large exhibition flower of Vivand Morel type. Bronzy salmon shade; good stem and foliage.

Miss Georgianna Pitcher.—Foliage and stem A1; dwarf habit, flower incurved, good size, fine yellow color, of great substance.

Nyanza.—Crimson and gold. Midseason.

Oakland.—Clear shade of even terra cotta. An ideal bloom, full and deep. Height, 4 to 5 feet; strong, straight stem, beautiful deeply cut foliage.

Paul Noisette.—Flowers size and shape of Ivory, of same dwarf habit. Color lemon yellow; slightly hairy; a grand sort for side benches and pots; early.

Philadelphia.—The flowers are of the finest globular form; six inches in diameter and of the most delicate creamy white; tips tinged with yellow.

Shavings.—A curiosity; flowers medium size and like a mass of curled mahogany shavings; dwarf and early.

Winnabago.—Large flower, pure white; outer petals reflex, centre incurving; very broad petals; strong stem; dwarf grower; midsummer.

Zipangi.—Crimson; massive bloom.

SOLANUM Jasminoides Grandiflorum.—Per doz., 75c.

STROBILANTHES DYERIANUS. Royal Purple.

A new house and bedding plant. It forms a compact bush eighteen inches high, with leaves six to nine inches long, three to four inches wide, and of the most intense metallic purple color, shading into light rose with a light green margin, a combination unapproached by any other plant. The flowers are a lovely violet-blue, very beautiful. For table ornament, parlor or greenhouse nothing can equal it. Price, 2½ inch pots, per doz., 60c.; per 100, \$4.00.

SWAINSONIA GALEGIFOLIA ALBA.

Most profitable plant, producing spikes of pure white flowers from four to six inches long in the greatest abundance the entire year. The flowers are exactly like a small Sweet Pea and last well when cut. It requires the easiest kind, of culture—as easily raised as a Geranium or Heliotrope. It does best in a temperature of from 45 to 55 degrees. Strong plants from 2½ inch pots, doz., 75c.; per 100, \$6.00; 3 inch pots, per doz., \$1.00; per 100, \$8.00.

THE CALIFORNIA VIOLET.

Plant vigorous and absolutely free from disease; flowers single, immense in size, covering a silver dollar; color violet purple (does not fade); fragrance intense; flowers borne on strong stems ten to fourteen inches in length. Last season several hundred flowers were picked from a single plant. Price, large field grown clumps, per 100, \$10.00; per 1000, \$75.00.

DOUBLE RUSSIAN VIOLET.—This Violet will not force to advantage under any consideration. It flowers well only when grown naturally and is perfectly hardy. Flowers are blue, very large, double and strongly fragrant. Small plants, per doz., \$1.00; per 100, \$6.50; clumps, per 100, \$10.00.

ROSES FOR FLORISTS.

NEW YELLOW SOUPERT (MOSELLA.)

New Rose, "Pink Soupert"—We find it a very fine, free-flowering variety, much resembling *Hermosa*, but more double and flowering more freely; it shows the *Polyantha* blood in the full cluster bloom and will make a handsome contrast bedded or grown with *C. Soupert*. The flowers are not so large, full and handsome as our original *Soupert*, but fill a place because of their brightness and freedom. Our stock is of the best. 2 in. pots, per 100, \$4.00; 2½ in. per 100, \$6.00; 3 in. pots, per 100, \$10.00; 3½ in., per 100, \$15.00.

Dormant Stock.—1-year-old, 10 to 15 inches and bushy, per 100, \$10.00.

Climbing Capt. Christy.—A sport from *Capt. Christy*, and possesses all the good points of that most popular of all roses. It retains the charming peach pink color and the exquisite fragrance, added to this remarkably strong, vigorous growth makes it one of the most desirable hardy climbing roses. 2½ inch pots, per doz., \$1.00; per 100, \$8.00.

Dormant, 2-year-old, field grown plants, 24 in. per doz., \$1.50; 100, \$12.00.

Yellow Rambler. (AGLAIA).—This rose is, we are confident, an even more valuable introduction than the *Crimson Rambler*, for it is the *hardest yellow climbing rose* yet introduced, and quality of hardiness has been an extremely difficult one to combine with yellow color. It has withstood unprotected and without injury a prolonged temperature of from zero to two degrees below and we believe that, with very slight attention, it can be grown everywhere that other roses succeed. The *Yellow Rambler* is a cross between the "Japanese *Polyantha* *Sarmentosa*" and *Noisette* "Reve d'Or," and *Yellow Rambler* is a blood relation to the *Crimson Rambler*, which it much resembles in growth and foliage. It also blooms after the same manner as *Crimson Rambler*, in large trusses, often as many as 120 to 150 flowers in a bunch. The flowers are very sweetly fragrant, and last three to four weeks without fading. Well established plants from 2½ inch pots, each, 75c.; doz., \$8.25.

Crimson Rambler.—The new climbing *Polyantha*, introduced last season. Its large clusters of bright crimson flowers have never been equalled in this class of roses. 2½ inch pots, per doz., 75c.; per 100, \$6.00.

Dormant, 1-year-old, field grown plants, per doz., \$2.00; per 100, \$15.00.

CLIMBING METEOR.—This new rose might, from its rich red color, almost be called a "Perpetual Blooming Climbing General Jacqueminot." Though a sport from *Meteor*, it is much larger, and of a deeper, richer color. It will make 10 to 15 feet of growth in a season and bloom almost constantly. Buds exquisite; petals large, beautifully shaped, and of that rich, dark, velvety crimson color seen only in the *Jacqueminot*. 2½ in. pots, doz., \$1.50; 100, \$10.00.

Climbing Perle des Jardins.—2½ inch, per 100, \$4.50.

Climbing Niphetos.—2½ inch, per 100, \$6.00.

Zepherin Drouat.—Hardy climbing rose of strongest growth, attaining in one season a height of 15 to 20 feet. The flowers are large and double and of a fine bright rose color. 2½ inch pots, per doz., \$1.00; per 100, \$8.00.

Dormant, 2-year-old, field grown plants, per doz., \$1.50; per 100, \$12.00.

Empress of China.—A new and very valuable perpetual blooming climber. Commences flowering the first of May, and it will bloom repeatedly till very late in the fall. In vigor of growth, it is unsurpassed. The flowers are small but very delicate and waxy; somewhat fragrant, and are borne profusely. The color is dark red in the bud, and changes as the flower opens, to a lighter red or pink. 2½ inch pots, per doz., \$1.00; per 100, \$8.00.

Princess Bonnie. New.—The flowers are produced on strong, erect stems, and, with the exception of color, strongly resemble *William Francis Bennett*. The buds are long, perfectly formed and retain their shape well after cutting. In color it is a rich solid crimson. The color of the outside petals is as brilliant as a *Jack*. 2½ inch pots, per doz., 75c.; per 100, \$6.00.

Rose, Bardou Job.—A splendid new hardy climber. Unlike any other rose in color; a vivid deep crimson with a blackish satiny gloss. It is one of the earliest to bloom. 2½ inch pots, per doz., \$1.00; per 100, \$8.00.

Dormant, 2-year-old, field grown plants, 24 inch, per doz., \$1.50; 100, \$12.00

OUR soil at Western Springs and our Greenhouse Plant are both well adapted to the growing of young Roses for the shipping trade, and we claim also by reason of express and freight facilities to be in the best position to supply satisfactorily all florist stock of this class. We guarantee all plants that we send out to be first class, and will make them satisfactory every time, if they are otherwise. We are always glad to make closest possible estimates on your wants in this line.

THE GREAT POT ROSE, CLOTHILDE SOUPERT.

Introduced by J. C. Vaughan. We are headquarters for best stock. Selected plants only. Price, 2 in. per 100, \$3.00; 2½ inch, per 100, \$4.00; 3 inch, per 100, \$6.00; 3½ inch, per 100, \$10.00.

Dormant Stock.—Our own growing, 1-year-old, 10 to 15 inches bushy, good roots, per 100, \$10.00.

New Yellow Soupert-MOSELLA.

This splendid novelty we have just secured from Germany; its origin is almost identical with that of the original *Soupert*, a cross of the *Polyantha* and *Madam Falcot*. It blooms in profuse clusters of 3 to 5 flowers, which are very double, ball shaped and open like a *Camellia* flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. Per doz., \$1.50; per 100, \$8.00; 3½ inch per doz., \$2.00; per 100, \$15.00.

CRIMSON RAMBLER.

Marechal Nell.—Grafted, single cane, each, \$1.00; 2½ in. per 100, \$5.00. Dormant grafted plants, 12 to 15 inches, per 100, \$8.00, 3 to 4 feet, strong, per doz., \$3.00; per 100, \$20.00.

Dinsmore.—This very desirable Hybrid Perpetual is probably one of the freest bloomers in this class and in constant demand. Price, 2½ inch, per 100, \$6.00; 3½ inch, per 100, \$10.00.

Dormant, our own growing, 1 year-old, strong bushy plants, 100, \$12.00.

Wichuraiana.—Desirable for banks, rock work, etc. Flowers 2 inches in diameter, creamy white. Leaves dark glossy green; very rapid grower. Price, 2½ inch, per 100, \$6.00; 3 inch, per 100, \$8.00.

Vick's Caprice.—Per doz., 75c., per 100, \$5.00.

HERMOSA ROSES.—*Fine Dormant imported Stock, ready Dec. 1.* Very profitable for retail spring sales. These fine bushy plants are 10 to 18 inches high and if potted in 3 inch pots and put into a cold frame until well rooted, will make a fine salable plant quickly. Doz., 75c.; 100, \$5.00; 200 for \$9.50; 1000 \$45.00. Extra heavy grade, 2-year-old, selected, per 100, \$10.00; per 1000, \$90.00.

Margaret Dickson.—The flower is of magnificent form and very large, rivaling in size the *Paul Neyron*, which is claimed to be the largest of roses. In color it is the most beautiful waxy white, a lovely shining white with almost the lustre of a pearl. The petals are very large, well shaped and of great substance but most delicate in texture. The buds are large, globular and especially handsome. In hardiness it may be called an "Iron-clad." 2½ inch pots, per doz., \$1.00; per 100, \$8.00. Strong 2-year-old, dormant plants, per doz., \$1.75; per 100, \$12.50.

FLORISTS' FLOWER SEEDS.

THESE are one of our main specialties and we do not spare time or expence to have *the best of everything*. Asters, Verbenas, Stocks, Petunias, Balsams, etc., are from the most reliable German growers. Our Pansies are the pick of the best German, French, Scotch and American strains. Our Primulas are grown by the most noted and scrupulous specialists of these plants; our Sweet Peas are grown in California and are strictly pure and true to name. We test all the promising novelties that show any indications of improvement, and only offer them after we found them of value. Our prices are right, our trade packages very liberal, and we serve you promptly. We want your trade and we know we can fill your orders to your entire satisfaction.

Vaughan's Columbian Cinerarias.

Probably there has never before been such a magnificent collection of Cinerarias shown as at the recent World's Fair, not only for beauty and brilliancy of colors, but for size and perfect form. The collection was of course the result of the gathering together of the finest strains from all the celebrated establishments of Europe. The success with our strain of International Pansies has led us to continue the same plan with Cinerarias, and we have secured seeds through the late show from the foremost seed growers of the world. Our Columbian Cinerarias equal those seen at the World's Fair.

MIGNONETTE MACHET.

This extremely fine variety is undoubtedly the best Mignonette for Florists' use. The dwarf and vigorous plants are of pyramidal growth, producing very thick, stout flower stalks, throwing up numerous dark green leaves, which terminate in long, broad spikes of sweet-scented flowers. It is the best sort for pot culture, excellent for cutting and we have a fine strain. Pkt., 10c.; ½ oz., 25c.; oz., 40c.; lb., \$4.00.

VAUGHAN'S INTERNATIONAL PANSY MIXTURE.

This mixture is composed of the choicest selections from nineteen American and European Specialists in Fancy Pansy Seed-growing, and is unquestionably *The Best General Mixture in Existence*. This is the Pansy mixture for every Florist who would realize the highest prices for his flowers and plants. It contains the cream of the cream of every noted Pansy growers' product the whole world over. The Pansies grown for this mixture have been repeatedly personally inspected by us in the fields, and we thus became acquainted not only with the quality of the general assortment of each individual grower, but we also make selections of their choicest varieties. Thus it can be readily understood that we are in position to make up *The Finest Combination* of kinds in the world, and this we are doing each year with our "International Mixture." It contains, besides all the choicest German Pansies in their wide range of beautiful colorings, the Giant Sorts in variety, with many pink, red, chocolate, slate and other novel shades. It contains all the separate colors of the Giant Trimardeaus with their immense flowers and rich colors. It contains the Giant Cassie and Bugnot strains, the product of celebrated Scotch strains, the Falsie and Boulogne Giants, in fact there is no strain of any of the celebrated Pansy Specialists not represented in our International Mixture. Price, per oz., \$10.00; ½ oz., \$5.00; 1-8 oz., \$1.50; trade pkt., 50c. (Less 10 per cent. for cash).

PRIMULA SINENSIS.—Chinese Primroses.

Our Primula seed has been grown by the most celebrated English, French German and American specialists and is remarkable for great diversity of coloring, as well as splendid habit of the plants and the large size of the flowers, measuring from 1½ to 2 inches in diameter, being perfectly round and fringed.

NEW GIANT PRIMULAS.

In this new strain we have a vast improvement on the older varieties, the flowers being considerably larger. They will no doubt take the foremost place when the variety of colors has been increased. We offer the following colors:

VAUGHAN'S INTERNATIONAL PRIMULA MIXTURE.

This mixture is composed of the most salable colors of Single Flowering Chinese Primulas, the best whites, pinks and reds, with a sprinkling of other colors, enough to give a large variety of colors, the most important shades predominating. It contains some of the above mentioned Giant sorts, some Fern-leaved, some blue; also some with dark leaves and stems. We have taken special pains to make this mixture as complete as possible, and unreservedly recommend it to everyone. Pkt., 350 seeds, 50c.; 5 pkts., (1750 seeds) \$2.00; per 1-16 oz., \$2.50.

DOUBLE CHINESE PRIMULAS.

While it is not to be expected that all these will come perfectly double from seed, a large percentage of double flowers will be produced from our seed.

FLORISTS' WIRE DESIGNS.

Our Wire Work is made by the best and most reliable workman in the West and is not to be compared with the botched work of inexperienced men or the clumsy half round frames sometimes offered. Write for special prices on large orders.

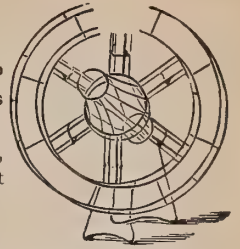

KNIGHTS TEMPLAR.

OUR BIG DISCOUNTS On all orders 10 per cent. On orders over \$10.00 and under \$30.00, 20 per cent. On orders over \$30.00 straight 25 per cent. discount for cash in 10 days.

These rates will be found *lower than many so-called priced net rates.* Many other and odd designs can be made and supplied on short notice, but they are made entirely at the risk of the buyer as to correctness; we accept such orders on no other basis.

SHEEP MANURE.

Especially recommended for Roses and Flowering Plants.

Sheep Manure is one of the very best fertilizers we have used either in liquid form or mixed with the soil at the time of planting. We have proof of the power of sheep manure as a fertilizer if we look at the crops of grain produced on land that has been pastured with sheep. Nothing in the way of animal manure can equal it as a crop producer.

Pulverized Sheep Manure.—In bags of about 100 lbs. 50 lbs., 85c.; 100 lbs., \$1.50; 500 lbs., \$6.00; 1000 lbs., \$11.00; per ton, \$20.00, if shipped from Chicago. 50 lbs., \$1.25; 100 lbs., \$2.00; 500 lbs., \$9.00; 1000 lbs., \$17.50; ton, \$30.00, if shipped from New York.
